LIVINGSTON STEIN

Elemental Energy Parker House Publishing Incorporated,Csi

This book offers an account of two-wheeled vehicle development that challenges the common evolutionary model of development from the bicycle to the motorcycle. It examines the bicycle and motorcycle as material objects and focuses on the complex socio-political and economic convergences that produced the materials, which in turn shaped the vehicles' appearance, function, and adoption by riders.

Discourse and Language Education National Geographic Books

A collection of stories that detail a journey along our personal, emotional and spiritual path to enlightenment and becoming all that we are.

Bikers University of Texas Press

Since the mid-1960s, Alvin and Heidi Toffler have predicted the far-reaching impact of emerging

technological, economic, and social developments on our businesses, governments, families, and daily lives. In REVOLUTIONARY WEALTH, they once again demonstrate their unparalleled ability to illuminate current trends and anticipate what they mean for the future. REVOLUTIONARY WEALTH focuses on how wealth will be created—and who will get it—in the twenty-first century. As the knowledge-based economy (a reality the Tofflers predicted forty years ago) continues to replace the industrial-based economy, they argue, money is no longer the sole determinate of wealth. The Tofflers explain that we are becoming a nation of “prosumers,” consuming what we ourselves produce, and argue that we have all taken on “third jobs”—work we unwittingly do without pay for some of the biggest corporations in the country. Using fascinating examples from our daily lives, they illustrate how our everyday activities—from parenting and volunteering to blogging, painting our houses, and improving our diets—contribute to a non-monetary economy that is largely hidden from economists. Writing with the same insight and clarity that made their earlier books bestsellers, the Tofflers present fresh, groundbreaking new ways of thinking about wealth. Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are

often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Whole Beauty Routledge

Fiction. Short Stories. Translated from the Italian by Barbara De Marco. In SARACEN TALES, Italian-born Giuseppe Bonaviri brings a wild newness to the tale of the life of Jesus. In this succession of stories, Bonaviri explores all manners of the known and unknown, the archetypal, the mythological, the symbolic--the life of Jesus is both his material and his point of departure. Part surrealism, part folklore, readers will be amazed at the originality and creativity with which a long-familiar tale is presented. "Bonaviri is a myth-maker, looking simultaneously to the historical past and to the future, to arrive at the a-historical, at cosmic universality"--Franco Zangrilli. Giuseppe Bonaviri was born in 1924 in Sicily. He began writing when he was ten and continued through high school, college, and in his professional life as a doctor, health official, and cardiologist. His work has been widely translated.

Wealth Against Commonwealth Holt Paperbacks

Movie trailers—those previews of coming attractions before the start of a feature film—are routinely praised and reviled by moviegoers and film critics alike: "They give away too much of the movie." "They're better than the films." "They only show the spectacular parts." "They lie." "They're the best part of going to the movies." But whether you love them or hate them, trailers always serve their purpose of offering free samples of a film to influence moviegoing decision-making. Indeed, with their inclusion on videotapes, DVDs, and on the Internet, trailers are more widely seen and influential now than at any time in their history. Starting from the premise that movie trailers can be considered a film genre, this pioneering book explores the genre's conventions and offers a primer for reading the rhetoric of movie trailers. Lisa Kernan identifies three principal rhetorical strategies that structure trailers: appeals to audience interest in film genres, stories, and/or stars. She also analyzes the trailers for twenty-seven popular Hollywood films from the classical, transitional, and contemporary eras, exploring what the rhetorical appeals within these trailers reveal about Hollywood's changing conceptions of the moviegoing audience. Kernan argues that movie trailers constitute a long-standing hybrid of advertising and cinema and, as such, are precursors to today's heavily commercialized cultural forms in which art and marketing become increasingly indistinguishable.

We Could Be Heroes Bloomsbury Publishing

A decade ago, after suffering from life-threatening autoimmune disorders, Hollywood actress Shiva Rose set out to discover a more holistic way to natural health and beauty. Growing her own organic herbs and flowers; mixing creams, lotions, and tonics; and following Ayurvedic practices and creating mindful rituals, she has not only healed her life but has also become a leader and entrepreneur in the world of all-natural beauty and lifestyle. *Whole Beauty* is her radiant next step, a practical, inspiring, stunningly beautiful guide to following a whole beauty practice at home. Here is the recipe for Rose's iconic rose hip facial serum, as well as 40 other recipes for masks and exfoliants, hair-care products and detoxes, and even DIY deodorant and toothpaste. She explains Ayurvedic practices, such as dry brushing and oil pulling, and home-cleansing rituals, such as smudging with burning sage; shares a dozen tonics, including Celestial Nog and Summer Lover; and offers an entire chapter on the use of essential oils, both on the body and in the home. From natural beauty solutions like a Blushing Bride Chickpea Face Mask to showing how to tap into the full force of female energy, *Whole Beauty* is a complete guide to revitalizing your life.

The super hero book you need to read right now! "An enjoyable, exciting, and action-packed read... at its core, just fun." --Associated Press An extraordinary and emotional adventure about unlikely friends and the power of choosing who you want to be. Jamie woke up in an empty apartment with no memory and only a few clues to his identity, but with the ability to read and erase other people's memories—a power he uses to hold up banks to buy coffee, cat food and books. Zoe is also searching for her past, and using her abilities of speed and strength...to deliver fast food. And she'll occasionally put on a cool suit and beat up bad guys, if she feels like it. When the archivals meet in a memory-loss support group, they realize the only way to reveal their hidden pasts might be through each other. As they uncover an ongoing threat, suddenly much more is at stake than their fragile friendship. With countless people at risk, Zoe and Jamie will have to recognize that sometimes being a hero starts with trusting someone else—and yourself. Revolution in Spain MIRA

"What the PCT is to Cheryl Strayed, the open road is to Brooks-Dalton."—Cosmopolitan A powerful memoir about a young woman whose passion for motorcycles leads her down a road all her own. At twenty-one-years-old, Lily Brooks-Dalton is feeling lost; returning to New England after three and a half years traveling overseas, she finds herself unsettled, unattached, and without the drive to move forward. When a friend mentions buying a motorcycle, Brooks-Dalton is intrigued and inspired. Before long she is diving headlong into the world of gearheads, reconsidering her surroundings through the visor of a motorcycle helmet, and beginning a study of motion that will help her understand her own trajectory. Her love for these powerful machines starts as a diversion, but as she continues riding and maintaining her own motorcycles, she rediscovers herself, her history, and her momentum. Forced to confront her limitations—new and old, real and imagined—Brooks-Dalton learns focus, patience, and how to navigate life on the road. As she builds confidence, both on her bike and off, she begins to find her way, ultimately undertaking an ambitious ride that leaves her strengthened, revitalized, and prepared for whatever comes next. Honest and lyrical, raw and thoughtful, *Motorcycles I've Loved* is a bold portrait of one young woman's empowering journey of independence and determination.

Agide Rowman & Littlefield

Bike Lust roars straight into the world of women bikers and offers us a ride. In this adventure story that is also an insider's study of an American subculture, Barbara Joans enters as a passenger on the back of a bike, but soon learns to ride her own. As an anthropologist she untangles the rules, rituals, and rites of passage of the biker culture. As a new member of that culture, she struggles to overcome fear, physical weakness, and a tendency to shoot her mouth off—a tendency that very nearly gets her killed. *Bike Lust* travels a landscape of contradictions. Outlaws still chase freedom on the highway, but so do thousands of riders of all classes, races, and colors. Joans introduces us to the women who ride the rear—the biker chick, the calendar slut straddling the hot engine, the back-seat Betty at the latest rally, or the underage groupie at the local run. But she also gives us the first close look at women who ride in their own right, on their own bikes, as well as a new understanding of changing world of male bikers. These are ordinary women's lives made extraordinary, adding a dimension of courage to the sport not experienced by males, risking life and limb for a glimpse of the very edge of existence. This community of riders exists as a primal tribute to humanity's lust for freedom.

Coming Attractions Longman Publishing Group

When the post-war relationship between Spain and America began, Hitler's old ally was an unlikely candidate for US influence. The Cold War changed all this. Soon there were US bases on Spanish territory and a political conjuring trick was under way. This volume examines the public diplomacy strategies that the US government employed to accomplish an almost impossible mission: to keep a warm relationship with a tyrant without drifting apart from his opponents, and to somehow pave the way for a transition to democracy. The book's focus on the perspective of soft power breaks

new ground in understanding US-Spanish relations. In so doing, it offers valuable lessons for understanding how public diplomacy has functioned in the past and can function today and tomorrow in transitions to democracy.

This is the first English translation of *Vispera del gozo* -- a collection of short stories by Pedro Salinas (1891-1951), a writer best known for his poetry and involvement in the Spanish vanguard aesthetic movement of the 1920s and 1930s.

Occult ether physics Bloomsbury Publishing

Ephemeral Media explores the practices, strategies and textual forms helping producers negotiate a fast-paced mediascape. Examining dynamics of brevity and evanescence in the television and new media environment, this book provides a new perspective on the transitory, and transitional, nature of screen culture in the early twenty-first century.

Slash and Burn Palgrave Macmillan

For most of history, women have been confined to their households, and to lives without equal rights or equal opportunities. This volume introduces readers to the women of the suffrage movement, the defining movement for women's rights, especially the right to vote. Primary sources and photographs will show readers firsthand how the challenges and successes of this movement shaped the lives of women across the United States. Readers will also learn about the inequality that still exists for women, and how they can change this injustice in the future.

An aspirational guide to incorporating the transformative power of crystals and gemstones into a stylish life, from the founder of luxury crystal-infused skincare line SjäL. There are many reference books on crystals on the market, but there is no book like *Elemental Energy*, which guides readers through incorporating the beauty, allure, and power of crystals into a stylish life. With its elegant aesthetic and lush, fashion-forward photography, *Elemental Energy* is an entirely new take on crystals—one that captures their magic and magnetism, but for a decidedly modern twenty-first century life, from organic skin care to at home spa treatments. Part aspirational, part prescriptive, *Elemental Energy* combines full-color photography throughout with innovative practices, tips, and techniques for harnessing the transformative energy of crystals and gemstones for optimal wellness and beauty. Author Kristin Petrovich—founder of luxury gem-infused skincare line SjäL—takes readers from the basics of crystal and gemstone energy to building an affordable, essential crystal collection; from crafting crystal-infused skincare to self-care with crystal and gemstone massage; from creating luxurious and restorative crystal-centric rituals to finding the perfect stone to enhance every occasion. Timely and on-trend, *Elemental Energy* is the must have resource to a beautiful life infused with the energy of crystals and gemstones, from an unparalleled expert in the holistic, luxury beauty world—perfect for crystal obsessives and fashion savvy readers alike.

A Bilingual Edition of Vispera Del Gozo Univ of California Press

Discourse and Language Education is part of the Cambridge Language Teaching Library series. Discourse analysis describes how such communication is structured, so that it is socially appropriate and linguistically accurate. This book gives practical experience in analyzing discourse and the study of written language. The analyses show the ways we use linguistic signals to carry out our discourse goals and the differences between written and spoken language as well as across languages. This text can be used as a manual in teacher education courses and linguistics and communications courses. It will be of great interest to second language teachers, foreign language teachers, and special education teachers (especially those involved with the hearing impaired).

Manpower Report of the President Artisan

A new and exciting study of "Europe's 1968" based on the rich oral histories of nearly 500 former activists collected by an international team of historians across fourteen countries. Throws new light on moments and movements which both united and divided the activists of Europe's 1968.
