Follow counterterrorism operative and ex-SEAL Scot Harvath's action-packed exploits, and discover why Brad Thor has been called "America's favorite author" (KKTIX). *BLOWBACK* Scot Harvath's counterterrorism career has just crashed and burned—thanks in part to a ruthless senator with her sights set on the White House. But when the war on terror takes a chilling turn, the president has no choice but to secretly bring Harvath back inside. Deep beneath an Alpine glacier, an ancient weapon designed to destroy the Roman Empire has been unearthed—and a shadowy organization intends to use it for America's downfall. Racing across Europe, Harvath must secure the ultimate instrument of destruction before it brings the United States and the rest of the world to its knees.

*TAKEDOWN* July 4th weekend, New York City: As thousands of holiday travelers make their way out of Manhattan, a flawlessly executed terrorist attack plunges the city into a maelstrom of panic and death. Amid the chaos, an elite team of foreign operatives is

systematically searching for one of their own, a man so powerful that the U.S. government refuses to admit he even exists and will do anything to keep him hidden. Now, with the world's deadliest enemy upon America's doorstep, counterterrorism operative Scot Harvath must fight his way through the burning city streets to take down an invisible terrorist mastermind with the means to unleash hell on a global scale. *THE FIRST COMMANDMENT* When the President of the United States is blackmailed into releasing five detainees from Guantanamo Bay, a sadistic assassin with a vendetta years in the making is reactivated. Suddenly, the people closest to counterterrorism operative Scot Harvath are being targeted and he realizes that somehow, somewhere he has left the wrong person alive. With his life plunged into absolute peril, and the president ordering him to stay out of the investigation, Harvath must mount his own covert plan for revenge—and in so doing will uncover shattering revelations about the organizations and the nation he has spent his life serving.

*Blowback* Simon and Schuster

According to Jewish scripture, there are thirty-six righteous people on earth. Without them, humanity would perish. But the thirty-six do not know that they are the chosen ones. In Beijing, a monk collapses in his chamber. A fiery mark has spread across his back and down his spine. In Mumbai, a man who served the poor dies suddenly. His body shows the same mark. Similar deaths are reported in cities around the world - the victims all humanitarians, all with the same death mark. In Copenhagen, it falls to veteran detective Niels Bentzon to investigate. He is told to find eight 'good people' of Denmark and warn them of this threat. But Bentzon is trained to see

the worst in people and he becomes increasingly skeptical as he realizes that not everyone perceived to be good is truly good. It is only when Niels meets Hannah, a brilliant astrophysicist mourning the death of her husband, that the pair begin to piece together the puzzle and a pattern emerges. There have been thirty-four deaths and there are two more to come. According to the pattern, Bentzon and Hannah can predict the time and place of the final two. The murders will occur in Venice and Copenhagen. And the time is now. 'A breathtaking thriller' Ekstra Bladet 'A catching and entertaining story told with breathtaking pace' Politiken 'Beautifully done . . . and the ending is truly surprising' litteratursiden.dk
