[Across the Wide Dark Sea](#) Houghton Mifflin Harcourt

Bernard the Robot loses his bottom on the park swing, and sets off to find it. Every time he gets close, it disappears again! Bird was using it as a nest, but it was too heavy; Bear used it in his drum kit, but it was too tinny; the Squirrels built sandcastles with it...and now it looks as if they're sailing away in it. Will Bernard EVER get his bottom back? Praise for No-Bot, the Robot with No Bottom: 'Silly, funny, and very enjoyable to read!' The Bookbag 'Fabulously funny and wonderfully warm.' Liverpool Echo 'Guarantees lots of giggles - from children and adults!' Parents in Touch 'Fans of Barry, Norman and Keith will absolutely adore this new wonderfully eccentric new character.' Mumsnet 'The book is beautifully illustrated and the story is guaranteed to have you and your child laughing... I can't recommend any of the Sue Hendra books highly enough, seriously if you've never read any of her books then you MUST!' Knees Up Mother Brown

Imagine a night when you can ride your bike right up the stairs to your bed. Imagine a night when your toy train rumbles on its tracks out of your room and roars back in, full sized, ready for you to hop on for a nighttime adventure. Imagine a night when a farmer plays a lullaby on his fiddle, and his field of sunflowers begins to dip and sway to the rhythm. Imagine a night when ordinary objects magically become extraordinary...a night when it is possible to believe the impossible. With the intrigue of an Escher drawing and the richness of a Chris Van Allsburg painting, renowned Canadian artist Rob Gonsalves depicts that delicious time between sleep and wakefulness, creating a breathtaking, visual exploration of imagination and possibility that will encourage both children and adults to think past the boundaries of everyday life, and see the possibilities beyond. Paul Mellon (1907--1999) was an unparalleled collector of British art. His collection, now at Yale in the museum and study center he founded to house it, rivals those in Britain's national museums and is unquestionably the most comprehensive representation of British art held outside of the United Kingdom. This book and the exhibition that it accompanies celebrate the centenary of his

birth. Five introductory essays examine Mellon's extraordinary collecting activity, as well as his role in creating both the Yale Center for British Art and the Paul Mellon Centre for Studies in British Art in London as gifts to his alma mater (Yale 1929). A lavishly illustrated catalogue section showcases 148 of the most exquisite and important paintings, watercolors, drawings, prints, sculpture, rare books, and manuscript material in the Yale Center's collection, including major works by Thomas Gainsborough, Joshua Reynolds, George Stubbs, John Constable, and J. M. W. Turner.
